Her letter follows:
"Dear Santa Claus, away up North, Oh, won't you hear my plea?
I've been so good this whole year through.

I want some candy and some boots—
Just like a big grown-up—
But most of all I'd like to have
A real live bulldog pup."

HAMILTON CAPTAINS '17 MISSOURI ELEVEN

Harrisonville, Mo., Tackle, Chosen Today From Six Eligible Men.

ALL RECEIVED VOTES

Selection of Leader Is Made on Second Ballot; Eight M Men Graduate.

Paul Hamilton of Harrisonville, Mo., a junior in the College of Arts and Science, was elected today by the eighteen M men on this year's football squad to lead the 1917 Tigers. The election to the captaincy came on the second ballot, after each of the six men eligible to the place had received votes on the first. Pre-election speculation as to the probable leader for next year's eleven had been varied, owing to the number of men who were considered candidates for the position. The election of Hamilton came as a tribute to his popularity and his splendid work at center and tackle during the past season. Hamilton this year played his second season as a Tiger regular. He was used center in the early games and more than upheld the position against all comers. Injuries to his knee caused his removal to tackle in the latter games of the season and he continued his good work at this position. His ability to charge the Kansas line was a potent factor in the Missouri victory Thanksgiving Day, and, along with Rider and Stankowski, he received a major part of the credit for the defeat of the Jayhawkers. Weighing 171 pounds and standing six feet tall, he used his physique to the best possible advantage and is in line for a position on the all-Valley eleven.

Hamilton had played little or no football when he entered the University three years ago. Since that time he has put Harrisonville on the athletic map. His popularity with the townspeople of Harrisonville is shown by the fact that a large body of them came to the Kansas game carrying a large banner bearing the inscription "Paul Hamilton's Home Town," Harrisonville, Missouri. These loyal friends later became so incensed over a newspaper account of the game which seemed unfair to them that sixty of them promptly discontinued their subscriptions. Hamilton is a member of the Delta Tau Delta fraternity.

Of the eighteen Tigers who were rewarded with M's this year, eight are lost through graduation. The remaining ten expect to be in school.

Arrangements are being rapidly completed for the banquet to the Tigers, Missouri Valley Champions, and "Bob" Simpson, star hurdler. The banquet, which will be held Wednesday in Rothwell Gymnasium, will be served by the Ladies' Aid Society of the Baptist Church.

Harry Jacks, chairman of the ticket committee, reports that 125 places have been reserved for the banquet. A special committee composed of Watson Lansing, Jerry Owen, Don Patterson and J. H. Degginger have been appointed to sell tickets to the students. Prof. L. M. Defoe will solicit the members of the University faculty.

E. Sidney Stephens will be toastmaster, and H. A. Collier will present the gold footballs to the Tigers. The speakers at the banquet will be C. L. Brewer, "Missouri Athletics, a Retrospective View"; H. F. Schulte, "Future Missouri Teams"; Harry Lansing, "The 1916 Missouri Valley Champions"; Paul Hamilton, next year's captain, "The 1917 Team"; President A. Ross Hill, "The University and Athletics"; Dr. W. G. Manly, "Missouri and the Valley Conference"; Bob Simpson, "Athletics, Foreign and Domestic."

THE WEATHER

For Columbia and vicinity: Unsettled tonight and much colder; freezing. Friday generally fair and colder; temperature to 20 degrees or lower. Fresh to strong winds shifting to northwest.

For Missouri: Unsettled and much colder tonight. Friday fair and colder. Strong southwest shifting to northwest winds.

Weather Conditions.

The western low pressure wave is this morning crossing the Plains and Mississippi Valley. It is giving unsettled and windy weather in all of the territory lying between the Rocky Mountains and the Appalachian Mountains, but precipitation, which is largely snow, has fallen in the rear of the center, or in the Rocky Mountains and Upper Missouri Valley, and thence eastward to Minnesota. Thus far there has been no precipitation in the middle western grain states.

A well formed high pressure wave is following in the wake of the low. It is attended by clearing and much colder weather, and will reach the Mississippi River by tomorrow morning.

In Columbia the weather will turn colder tonight, and it will be still colder tomorrow but with clearing skies; and mostly fair and cold weather will likely continue the remainder of the week—a good bog killing weather.

TODAY'S STORM LATE

Last December Thunder Shower in 1909—Autumn Unusual, Says Reeder.

The first thunder-storm in December since December 4, 1909, reached Columbia today.

"The prevailing storm is in progress south of us," said George Reeder, in charge of the local weather bureau, this morning. "Tomorrow Texas will have a lower temperature than the central states, but we will not have much of this weather. Tomorrow will be colder and fair. There is nothing unusual in the presence of the thunder-storm, although it is a little unusual to the outsider."

"We have had constant calls at the office from farmers in this county who are waiting for 'hog-killing' time. To them we will say now that the time is coming, and we predict fair and colder weather for the rest of the week."

"This has been an unusual fall," continued Mr. Reeder. "November was colder than last year, but there has been a great amount of sunshine, and up to the present time we have had typical fall weather. One of the phenomenal things of the present month is the fact that the first six days of the present month have been eighteen degrees warmer than the average of previous early days of December. Never in the history of this state has the temperature for the early part of the month been so far from normal."

3-ACT FARCE WILL BE PLAYED

Students and Faculty Members May Form Dramatic Club.

Pinerio's three-act farce, "The Magistrate," will be played by a student and faculty cast in the University Auditorium Saturday night, December 16. The players are being coached by H. F. Carlton and Robert Winternitz of the English department. The scenery will be made under the direction of M. C. Carr of the art department.

Mr. Winternitz believes that the possibilities for this play are good. "Our aim," he said, "is to see if the University will support this kind of undertaking. If it does, a dramatic club, which can easily present one play a month, will be organized with membership open to the student body. It is planned to have a new cast for each play."

Cosmopolitan Club Gives Program.

The Cosmopolitan Club was entertained last night by Miss Mary Wilbur at the home of Dr. F. P. Spaulding, 901 Virginia avenue, the following program, arranged by Miss Edith E. Union Announces Winter Program—to Hold Open House Farmers' Week.

The house committee of the Missouri Union has completed its program for the next two months. While all the events have not been definitely arranged for, the committee has planned to use each Friday evening for some affair of interest to a large number of the students.

A smoker in honor of the stock judging team, which took sixth place at the Chicago Livestock Show, is on the program for Friday, December 8. On the following Friday evening the third Union dance will be held. During the vacation two events will be held for those who spend their vacation in Columbia. A smoker is on the program for December 22 and a dance is scheduled for December 29.

During Farmers' Week, which comes immediately after the holidays, the Union will hold open house. The plan is to issue guest cards to the visitors, entitling them to all the privileges and advantages of the Union Building. The committee and grill rooms will be at the disposal of the guests for sectional, or other, meetings.

A smoker, either boxing or wrestling, is on the program for January 5, while the following Friday is reserved for the dance in honor of the 1916 Tigers. This dance was to have been given before the holidays, but the Tigers were too popular and it was found necessary to postpone the event.
